

LEGACY CONFERENCE 2018 REPORT

Legacy Conference 11th and 12th January 2018

Introduction

The Legacy conference is a conference that was conceptualized by our visionary leader, Dr. David Janney in the early months of 2017. His vision was to inspire and encourage Elijahs and Elishas of our generation. These includes pastors who have served for years and are in the process of handing over the churches they lead. Many of them have served without being appreciated for the great work that they have done. It also includes younger pastors who are stepping into their positions. The vision was to inspire the Elijahs by recognizing and appreciating them. It was also to encourage the Elishas to courageously take the mantle to go beyond the four walls of their churches and to carry on with the work of the great commission.

Report

The 11th and 12th of January was such a great start for the year for the approximately 200 Pastors that attended the Legacy conference. It was a joy to see many pastors come with their entire teams to be inspired and encouraged. We had great speakers, both from Kenya and the U.S.A, who spoke very relevant truths on the theme of Legacy.

On the 11th we felt the presence of God when our president and pastor Dr. David Janney asked the Elijahs to stand up and have the Elishas go around them to appreciate them and pray over them. It was a great time of healing, encouragement and inspiration for many who had not had the opportunity or the platform to do so. Hugs were given and tears were shed and the presence of the Lord was with us.

On the 12th, the Elishas we also called and the Elijahs had the opportunity to pray for them. Many of them came feeling inadequate and insecure. However the older pastors took time to lay hands on them and pray for boldness, courage and passion to carry on with the great commission.

The many afternoon breakout sessions or workshops were amazing. Various topics ranging from healing, team building, time management, social media impact and how to build a business plan for churches were discussed and explored to equip the pastors.

At the end of it the pastors felt very inspired and encouraged and they hoped that the conference can held annually.
